Nov. 4, 2015

To: The Greendale Entertainment Association

Dear Members,

Thank you *so much* for the huge quantity of children's clothing, shoes, toys, baby equipment, books and other items. We filled the U-Haul cargo van and 2 vehicles. We were able to stuff the very last bag into the van, but if there would've been one more, the passenger would've had to hang his arm out the window, holding that bag, ha.

We appreciate the quality of these items from your consignment rummage sale. We distribute these donations to our two Trading Posts that are held monthly for needy families. The recipients donate one or two cans of food in exchange for the clothing and items they receive.

We were also able to give five boxes of books to another program we help sponsor, Second Saturday. This is a monthly gathering of families where reading is stressed.

HOPE Network for Single Mothers is a grassroots self-help support system for single mothers and for single pregnant women in the greater Milwaukee and Waukesha counties area. HOPE Network is proud to be celebrating 33 years of service. Our outreach programs provide scholarships, portable cribs, a resource newspaper, family gatherings, and free clothing banks. We at HOPE Network realize that we could not offer these outreach programs without your generous assistance.

Your kindness and generosity is deeply appreciated.

Sincerely,

Pauline Beck
Executive Director
